## Hornet Range

### Standout Features and Benefits

- Genuine Honda GX200 or GX390 petrol engine.
- > Green and Gold approved and engine matched tested for Australian conditions and compliance laws.
  - > OHV design for increased efficiency and optimal power transfer.
  - > Integrated low level oil cut-out protection system.
  - > Automatic mechanical de-compression system.
  - > Precision camshaft design offers precise valve timing and optimal valve overlap for better fuel efficiency.
  - > Optional iGX electric start engine upgrade available on selected models.\*

Tough and robust fully welded hot dipped galvanised roll frame with convenient gun and lance holder.

Strong upheld unit design based around longevity, easier maintenance schedule, improved efficiency and increased operator safety.

Quality unparalleled industry proven 'Italian' pump and gearbox components.

Built with only recognised highest quality components supported by world-wide spare parts back-up.

"ZERO" line pressure solid brass adjustable unloader valve for increased safety, unit longevity and serviceability.\*

Professional low pump running speed equating to 50% less maintenance time and increased reliability.

Specialised galvanised motor anti-vibration tray control technology to eliminate frame distortion and/or damage.\*

### Standard Accessories Included

10m of 3/8" double wire braid blue high pressure hose (includes quick release coupling).

Ergonomic heavy duty spray gun with back part lance and quick coupling.

Stainless steel dual lance with variable pressure control complete with nozzles\* or multi-regulated nozzle.

\*FEATURE PRESENT ONLY ON JETWAVE MODEL  
HORNET 201 AND UPWARDS.

## Hornet Range

### Standard Specifications and Features

2300 - 4000psi pump working pressure.

12 - 21 litres per minute water flow rate.

Optional Honda iGX390 electric start engine upgrade with additional features including:

- > Automatic intelligent throttle and automatic choke.
- > Built in hour metre and low level oil indicator light.
- > Resilient maintenance free battery with charge indicator and heavy duty looms.

Professional 'Italian' triplex ceramic piston plunger pump, complete with stainless steel valves and solid brass and/or nickel plated head with easy oil indication sight glass.

1450 rpm low pump running speed via a directly coupled 2:1 reduction gearbox with easy oil indication sight glass.

Thermal valve for by-pass pump protection.

Brass 'Y' stainless steel water inlet strainer.

Adjustable detergent injection facility under low pressure.

10" - 14" heavy duty pneumatic wheels for easy mobility.

Durable stainless steel pressure gauge with glycerine.

High pressure hose quick release coupling system.

Quality German made hardened stainless steel high pressure nozzle.\*

Complete operator and maintenance manuals, including detergent tubing and chemical filter.

### Warranty

Jetwave's 12 month manufacturer warranty. CONDITIONS APPLY

Honda Green & Gold tested and approved 3 year GX Engine Warranty.

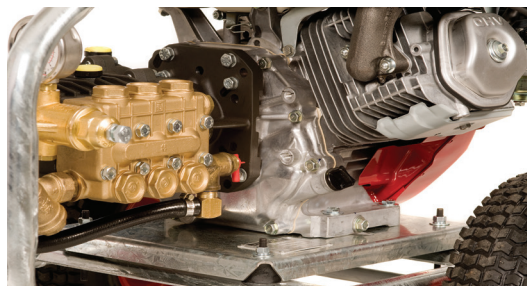

### Optional Extra Accessories

- 1 Complete 'Turbo' Head with Stainless Steel Lance.
- 2 'MR-O' Brass High Pressure Swivel.
- 3 Industrial High Pressure Hose Reel with 30m Capacity, including leader hose.
- 4 Additional High Pressure Hose; 3/8" Double Wire Braid Blue 'non marking'.
- 5 'LS3-1' Foaming Lance with Tank.
- 6 'LS12' Foaming Lance
- 7 'Whirl-Away' 22" Rotary Floor Cleaner.
- 8 'Vario' Adjustable Fan Nozzle with Stainless Steel Lance.
- 9 Stainless Steel Snap-on Fittings.
- 10 'TS8' Complete Sandblaster Lance.
- 11 Engine Hour Metre & Tachometer for Service Tracking.
- 12 Optional Stainless Steel Water Tank on selected models. NOT PICTURED BELOW

HORNET 251
